##### **IV. NEW BUSINESS**

New complaints -

12-050-9005 - A consumer was admitted to a hospital several weeks ago and after about a week of treatment that included counseling and group therapy she was discharged. After discharge she committed a petty crime and was readmitted to the hospital. Now the staff on a different unit of the facility tells her that she will not be considered for discharge, in part because she refuses medication.

12-050-9006 - A consumer who is hospitalized is not allowed to have her property - including cell phone. Also, she is not allowed anything by mouth - they have her intravenous feeding because of her medical condition but she would like to have a piece of hard candy. The hospital has her on one on one observation with a sitter from an outside agency. Those sitters are violating the consumer's HIPPA rights because they will not allow her a private conversation with her Physician.
